<b>Name(s) of Reviewer(s)</b>		<b>Date</b>	

**NOTE:** All questions that address requirements contain the citation for the source of the requirement (statute, regulation, NOFA, or grant agreement). If the requirement is not met, HUD must make a finding of noncompliance. All other questions (questions that do not contain the citation for the requirement) do not address requirements, but are included to assist the reviewer in understanding the grantee's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "**finding.**"

**Instructions:** This Exhibit is designed to review the SHP grantee's equipment management policies for compliance with 24 CFR 85.32 and 24 CFR 84.34. It is divided into three sections: Sample Selection, Equipment Management, and Equipment Disposition. If the grantee's accounting system includes information on equipment acquired with SHP funds, it can be used as starting point for selecting a representative sample of equipment transactions to review. The HUD reviewer is to follow the sampling guidance in Section 13-3 in the introduction to this Chapter to select records regarding equipment purchases and sales. These records, along with staff interviews, will form the basis for completing the chart below and answering Exhibit questions. The SHP regulatory citation for the uniform administrative requirements is located in 24 CFR 583.330.
